Letter from the Prytanis Shaun Reardon

Distinguished Alumni,

We are coming to the beginning of a new semester. So much has changed even in the past few months that have helped set us up for the next semester. We are near completing our service goal and will most likely succeed it, we have plans to meet our philanthropy goal and we have numerous social events planned with other other organizations. Our biggest accomplishment last semester, in my opinion, came with the chapter coming together to talk about the issues and problems facing our fraternity. We talked about how we needed to get back to understanding our pillars and values and express them through the work that we do. With a list of possible things to change my winter break was spent largely working on a five year plan for the future of our chapter. With the help of our Epiprytanis Adam, our chapter advisor Jim Sherman and the greek life advisor Allison I have compiled a comprehensive plan towards solving the problems that have been plaguing our chapter. Each year has a list of problems to change with the biggest problems being solved in the earlier years. Some of the issues that the chapter addressed were recruitment, a change to our standards policy and a look at our issues with committing to tasks we take on. This plan will be presented at the first formal chapter meeting in February and, if passed, will begin to be implemented immediately. If you would like more information or a copy of what this looks like please don't hesitate to reach out.

These changes will hopefully bring about much needed changes that our chapter needs. We hope for your continued support throughout this semester and beyond in any way possible. Please feel free to reach out to me with any questions/concerns that you may have. I really hope to see you all at some point this semester.

Yours in the Bond,

Shaun Reardon, Prytanis
